The services at Trinity M. E. Church tomorrow will be as follows: 11 a. m., preaching by Rev. A. E. Spielman pastor, subject "The Steward ship of Life." 7.45 p. m., there will be an illustrated service representing "Ben Hur." story of the Christ." Beautiful pictures and good singing All are welcome.

RICHMOND

"Les Miserables," Victor Hugo's masterpiece, the greatest epic and dramatic work of fiction ever created or conceived; the epic of a soul transfigured and redeemed, purified by heroism and glorified through suffering, the tragedy and comedy of life at its darkest and its brightest, of humanity at its best and at its worst featuring Wm. Farnum in the role of Jean Valjean, will be the attraction at the Richmond tonight.

ACCIDENT UNAVOIDABLE

Coroner's Jury Exonerates Chrest Consant of Blame in Connection With His Automobile Striking and Killing Louise Lunsford of Del Ray.

After hearing the testimony of seven witnesses today a coroner's jury, summoned by Dr. T. M. Jones, which met at Demaine's mortuary chapel to investigate the killing of Louise Lunsford, the twelve year old daughter of Mr. and Mrs. Wallace B. Lunsford, of Del Ray, Alexandria county, which occurred yesterday, gave a verdict that the girl came to her death at the Alexandria Hospital at about 11:10 o'clock yesterday morning as the result of injuries sustained by being struck by an automobile driven by Chrest Consant and the jury added "the accident was unavoidable."

The jury was composed of the following: Thomas Chauncey, foreman; Luther A. Cook, J. Brooke Carter, William Baader, R. S. Cleveland, and T. M. Dunbarr.

Commonwealth's attorney Frank L. Ball, appeared in the interest of the county, and George W. Zachary, a school trustee, from Mount Vernon district, together with a number of teachers from that School also attended.

All of the witnesses heard were pupils from Mount Vernon school. When their testimony had been taken Consant gave his version of the affair.

He said he was twenty-six years old and a native of Bulgaria, and was coming to Alexandria yesterday morning and when near Mount Vernon school, Del Ray, he saw a number of children in the road; he sounded his horn and some of the children went to one side and some to the opposite side of the road; the girl jumped in front of his car.

He said he stopped the car as quickly as possible after striking the girl. He first went to Dr. Yates' and that physician not being in he rushed the girl to the Alexandria hospital.

At the time he said his car was going at the rate of five or six miles an hour. Witness said he did everything possible to prevent the accident.

The first witness to testify was Pearl Belew, a pupil in Mount Vernon school. Her testimony was to the effect that the driver of the machine sounded his horn before he got to the child and that he was traveling at a reduced speed. His machine she said zigzagged trying to get out of the way of another child. The little Lunsford girl was playing "mother" at the time, all of the pupils in the school being at recess.

Amos Cockrell testified that the Lunsford girl was running away from the other pupils when struck and witness thought Consant did all he could to avoid striking the child.

Walter Barbour testified that Consant tried to get out of the way of another child when he struck the Lunsford girl. Witness also testified that the man blew his horn and was going at a reduced speed.

The foregoing testimony was corrobated by Tweed Houser, Herell Rollins and Richard Rollins.

ULTIMATUM TO STRIKERS

Seattle Mayor Says he Will Place City Under Federal Control

Seattle, Wash., Feb. 8.—Mayor Ole Hanson issued the following notice to the strike committee yesterday:

"I hereby notify you that unless the sympathetic strike is called off at 8 A. M. February 8, I will take steps to operate all essential industries and place this city under control of the Federal Government.'

Camp Lewis soldiers numbering over 1,000 arrived here early yesterday to co-operate with local police in keeping order and to protect Government property that might be endangered if trouble starts. Brigadier General John L. Hayden announced the troops were here. When asked how many troops he had in his command, he replied: "We have enough."

A summary of the situation showed that newspapers have suspended publication, schools and theatres hove closed, street cars have ceased operating, restaurants have shut down and shipping is being diverted to Oregon ports because there is no one to load or unload the cargoes. Soup kitchens have been established by culinary workers for the benefit largely of the strikers who are given special

DISPUTE OVER FOREMAN

Dispute Whether He Should be a Member of Labor Union Cause Four Thousand Men to Strike.

Philadelphia, Feb. 8.—Dispute over the question as to whether a foreman should be a member of a labor union caused a strike yesterday at the Merchants Shipbuilding Corporation at Bristol, involving about 4,000 metal workers. According to the business agent of one of the unions involved, an appeal has been made to the War Labor Board at Washington. Men included in the strike are boilermakers, forces in the angle and plate shops, iron workers on the ships, riveters and their helpers. A statement issued by the company stated that it has been customary for a member of a union upon being promoted to foreman to withdraw from all union activities.

"The corporation," the statement said, "emphatically disclaims any objection to a man holding membership in a union, but it does desire to point out the impossibility of a foreman, who is part of the management of the corporation properly representing its interest when so closely identified with the men, who are subject to his orders."

According to A. A. Rodgers, Indianapolis, Boilermakers, Iron Shipbuilding and Helpers, the action of the men hinges on the open and closed shop question. "By dropping out of the unions, the foremen would lose all of the sick and death benefits and other features to which membership entitles them," he said.

RAILROADS MUST CURTAIL

Crews Laid off in Reading Section Due to Mine Suspension

Reading, Pa., Feb. 8—Orders were issued yesterday to the heads of departments on the various railroads entering this city to curtail expenses all over this section, especially in the anthracite coal region. The cutting down of the normal number of loaded coal cars handled in a day from 1400 to half that figure greatly reduces the volume of work for railroad crews and car shops. This curtailment is due to the suspension of many mines operated by the independents.

More railroad crews were laid off today.

"THE ANTICS OF ANN."

Ann Wharton, a harum scarum pupil at the Bredwell Seminary, begins the day badly. She is late for brfeakfast and when she is called to account, further disgraces herself by snapping a spoonful of cereal in Mrs. Bredwell's face. True, the cereal was intended for a gloating schoolmate, but the explanation is not accepted by Mrs. Bredwell.

Ordered to her room, Ann discovers her friend and admirer, Tom Randall, a pupil at the neighboring boy's school, starting off to play football. Ann hails him and jumps down from her windows to talk to him. When he leaves her she suddenly decides to join the game.

Running to the boys' gymnasium, she goes to the locker room and dons football togs. She then rushes to the field, captures the ball, and starts to run. The boys follow her, one tackles, and all pile on top. There is general consternation when her identity is discovered. In a panic she rushes to school and starts to climb back into her own room.

But before she can get in, Mrs. Bredwell, looking out of a class room window, is shocked to see what she supposes is a man's leg dangling from Ann's window. In horrified amazement, she rushes upstairs and discovers Ann herself. As punishment, the latter is forced to exhibit herself before her disgusted schoolmates. Meanwhile Tom finds Ann's clothes in the locker room, and ties them up in a bundle, planning to return them to Ann at the dance to be given by the Bredwell girls that very evening. Poor Tom goes to the dance, but before he can deliver the bundle to Ann, a jealous schoolmate discovers it and takes it to Mrs. Bredwell who is thoroughly scandalized and decide it is time Ann is sent home. She says it is the last straw and that she intends writing to Mr. Wharton to take his daughter home.

This will be shown at the Grand Theatre tonight along with the Episode of the "Iron Test." The further you go the more exciting. Start to see it now. Never too late.

MEETING TOMORROW

Miss McCormick Will Address Gathering at Richmond Theatre in Interest of Syrian and Armenian Sufferers—City's Quota $4000.

It is expected that there will be a large turnout of the citizens of Alexandria at the mass meeting which will be held at 3 o'clock tomorrow afternoon in the Richmond Theater when an address will be delivered by Miss McCormick in the interest of the campaign to raise funds for the relief of the Syrian and Armenian races.

The state of Virginia is asked to raise $300,000 of which Alexandria's part is $4,000.

That Alexandria will raise her portion of the funds there is but little doubt in the minds of those fostering the project and every citizen is asked to come forward and give his bit for this worthy cause. R. L. Payne is chairman of the committee of arrangements for the local drive.

There comes to the people of the United States today a question which is unescapable, the question is this; shall we let the Syrian and Armenian races perish of starvation and illness consequent upon their four years of unparalleled suffering, or shall we again earn for our country the title given it by an aged Belgian "America the Savior of the World."

Some of us remember the terrible massacre of 1895-6 when Abdulhamid the Red Sultan, as he was called thereafter, who massacred 100,000 Armenians, but it remained for Germany to add to the horrors of the outrage and massacre, the prolonged torture of deportations of home and home land. She was a novice when she undertook this measure in the fall of 1914 in Belgium and France; she was an expert, when in connection with Tageblat Bey and Enver Pasha, the blood thirsty leaders of the young Turk Movement, she instituted it throughout the Turkish Dominion in the spring of 1915. Moreover Belgium was small, very small, in comparison with the bulk of Turkey in Asia and Europe where these suffering people lived, and by their remoteness from the beaten track of civilization that both Turkey and Germany felt secure to give full reign to their dwiabolical cruelties, and tested secure as they thought from outside indignation.

The fact, however, became known to Ambassador Morgenthal at Constantinople, and he cabled to the State Department in the United States, requesting the formation of some sort of a committee which would send relief to those people who could be reached. The committee was formed and included such men as Charles Hughes, Wm. Taft, Elihu Root, and many other equally as well known and reliable men, it did its field work through the large body of American missionaries and consuls, who had been most of them in the Eastern fields for many years, and who thoroughly understood the question to be dealt with.

The committee has spent more than $10,000,000 given by voluntary contributions, but this has been much less than was needed. Ex-Ambassador Brice in his report to the British Government of conditions in Armenia and Syria substantiates the statement of the extreme want and suffering which has been received from so many quarters, and gives the extracts from the diary of a missionary at the Presbyterian College in Aoarfu; she writes that we are $7,500 in debt for bread alone, and the bakers refuse to credit us further later she adds "Thank God a check for $5,500 has just been received from the committee of the Syrian and Armenian Relief" and the bakers have promised to renew our credit. "What would we have done without it?" We have 17,000 refugees inside our compound, every school building, every church, and even the closets under the stairs are crowded, and hundreds who will die would live if we only had the food, and the Americans would only see our need.

NOTICE

Post "F," T. P. A., will hold its regular meeting Saturday, February 8th, at eight o'clock, at the rooms of the Chamber of Commerce. Members are urged to attend, as arrangements will be made for entertaining the State convention in May.

J. H. Trimyer, Secy.
33-3t.

WOULD ENFORCE LAW

Substitute Bill Submitted by Secretary Gives Teeth to Dry Law Machinery

Washington, Feb. 8.—The war prohibition act, which goes into effect July 1, will be enforced to the letter, if Secretary Glass has his way. A bill submitted by him to the House judiciary committee yesterday, as a substitute to the Barkley bill which the committee has been considering proposes to give real teeth to the machinery to carry out the dry law.

Secretary Glass submitted his bill after consultation with the Anti-Saloon league leaders. Representative Barkley, of Kentucky, authority of the original bill, and Chairman Webb, of the judiciary committee. In a letter accompanying the bill he said if the country is going to have prohibition it ought to be strictly enforced.

If the enforcement is to be vested in the internal revenue bureau of the treasury department, as it will be, he added, there should be law sufficiently broad to make its enforcement effective.

One provision suggested by Mr. Glass would give to wife or child or any person injured by an intoxicated man the right to recover damages, exemplary as well as actual, from the person who sold him the liquor.

Any place where liquor is sold would be closed up as a public nuisance. Automobiles used to transport liquor would be subject to seizure and confiscation.

In the "search and seizure" section, however, the secretary is not quite so drastic as some of the states have been. He merely proposes the usual procedure of search by warrant issued by duly authorized officials on the submission of information under oath sufficient to warrant the issuance.

Public hearings on the bill will be begun next Tuesday.

MAY LOSE

Secretary Glass Recommends Drastic Law to Insure Prohibition Effectiveness.

Washington, Feb. 8.—Provisions that buildings used for selling liquor in violation of the war time prohibition act may be treated as public nuisances and that courts may forbid use of the property for any purpose for a year, are included in legislation recommended by Secretary Glass, of the Treasury, to the House Judiciary Committee.

The committee, considering a bill supported by the Anti Saloon League for enforcing the prohibition act, had asked Secretary Glass for recommendations from the internal revenue bureau.

Edwin Dinwiddie and Wayne B. Wheeler, representing the league at the hearing when the department's suggestions were read, said their proposals in comparison were mild.

DIES FROM BURNS

Leonard Duty Expired Last Night at Roanoke Hospital

Leonard Duty, twenty-three years old, son of Mr. and Mrs. Owen Duty, of King and Fayette streets, died at 6:30 o'clock last night in a Roanoke Hospital as a result of burns received several days ago when an engine of which he was fireman overturned at Roanoke.

He was employed by the Virginia Railway Co. Mr. Duty is survived by his wife and one child.

The funeral of Mr. Duty will take place at 4 o'clock tomorrow evening in Lynchburg, Va., the home of his wife's parents and burial will be made in that city.

THREE SMALL FIRES

During the past twenty-four hours the fire department has been called out three times for small fires.

Two alarms were sounded about 6 o'clock last evening, the first being a chimney fire at the First Baptist Church and the other was caused by the burning of a bed in a room over the office of the Adams Express company. The alarm at 1 o'clock this morning was caused by the burning of an unoccupied house at the northwest corner of Columbus and Oronoco streets. Only slight damage was done.

Just received a fresh supply of salt water oysters. Price 40 and 50cts per quart. J. R. Bryant, 128 South Royal street. 32-3t.

PICTURE FOR WOMEN

"The End of the Road" is Title of Government Picture to be Shown Monday Night at Chamber of Commerce.

Under the auspices of the Chamber of Commerce a motion picture entitled "The End of the Road," will be shown Monday night in the auditorium for the women of this city.

The Chamber of Commerce, indeed, is very fortunate in securing this picture through the efforts of Leonard Martin, of the Community Motion Picture Company.

The affair will begin promptly at 7:30 o'clock and will be exclusively for women. The women in Alexandria in general are invited to attend.

The picture will be shown by Mr. Martin and a lecture on the picture will be delivered by Miss Towksbury, an official lecturer for the War Department. This picture was gotten up by the government at great expense and it is owned and controlled by the War Department and has only been shown to private audiences in the larger cities.

It is hoped that the opportunity to see it will be taken advantage of by as many women of Alexandria as possible.

GERMAN PROTEST

Professor Hans Delbrueck Declares French Greedy in Demanding Coal Lands.

Berlin, Feb. 8.—If the allies persist in imposing upon Germany demands which will make that country the "wage slave" of its enemies, the allies must keep Germany in subjection for decades by armed forces, against which Germany would rise at an opportune moment and again plunge the world into war, Professor Hans Delbrueck, historian and publicist, declared to the correspondent during a discussion of the Paris peace conference. Professor Delbrueck said.

"The question of what constitutes a peace of justice can best be answered by investigating the last separate demand made, to see whether it is calculated to light the fires of war again at some future day or whether it serves the ideal of an enduring peace.

France plainly indicates that it intends to take away the German territory of Saarbrucken, with its coal fields. Saarbrucken has more than 500,000 purely German inhabitants. This territory was ceded to France through the first Paris peace of 1814, but only a year later was given back to Germany in the second Paris peace.

"This land belonged to Germany for a thousand years, excepting the very brief temporary period of French domination.

"The problem of nationality is much clearer and more certain here than in Alsace-Lorraine. Even if the German portions of Alsace-Lorraine are given to France, it can safely be prophesied that a German 'irredenta' will spring up there very soon and threaten the peace of the world.

"This is true to a still greater degree in the case when territory like Saarbrucken, where nothing whatever that is French exists is claimed by France out of naked greed for power in opposition to the principle of the people's right to self-determination.

MAY CARRY LIQUOR THROUGH

Judge Hardison Refuses to Convict Three With 42 Quarts

Although no portion of the District of Columbia is more than five miles away from a military reservation, it is not a violation of the law to bring whisky into the District, provided whoever is carrying it, is going through to some other destination.

Judge Hardison yesterday morning refused to convict three white men for bringing suitcases filled with whisky into Washington because all three had tickets showing this city was not their destination.

The men were Bradley Lyon of Richmond; Edward D. Robinson, of Greensboro, N. C., and Joseph Bonner, of Norfolk, Va. Lyon had eighteen quarts, Robinson twelve quarts, and Bonner twelve quarts. Detective Hughlett arrested the trio at the Union Station early Thursday morning.

The use for which the liquor was intended did not interest the court at all.

MACHINISTS QUIT WORK

More Than Fifteen Hundred Leave Shops and Shipyards in San Francisco.

San Francisco, Feb. 8.—More than 1,500 machinists in shops outside of the shipyards here failed to report to work yesterday claiming the employers would not grant them the wage specified in the wage schedule drawn up by the Federal Shipbuilding Labor Adjustment Board because the workers insisted on taking Saturday afternoon's off.

In Oakland 4,000 members of the Boilermakers Union are voting upon a referendum proposition to strike February 10 in all East Bay Shipyards unless their demand for a wage raise to $8 a day is granted. The men have taken the day off in all shipyards.

I. W. W. VOTES STRIKE

Enter Protest Against Wage Reduction in Butte Mines

Butte, Mont., Feb. 8.—Industrial Workers of the World at a meeting here late yesterday voted to strike in protest against the wage reduction put into effect by the mines of the Butte district. It was said an attempt will be made to make the strike general here. The Industrial Workers of the World are demanding a six-hour day and $6 a day wage scale. The wage scale put into effect yesterday is for $4.75. It is a reduction of $1 a day from the recently paid scale and is based on the contract entered into several years ago with the Western Federation of Miners.

"The men who quit work are not members of a bona-fide union affiliated with the International Union of Mine Mill and Smelter Workers, but instead are members of the Industrial Workers of the World, which have attempted to create trouble in that district during the last two years," stated Charles H. Moyer, president of the International Union when informed of the action of the 250 miners.

INGOMAR—Mary Miles Minter

"The Eyes of Julia Deep," a five reel comedy drama featuring delightful little Mary Miles Minter, will be presented at the Ingomar Theatre tonight.

There is a grippling love interest woven through the thread of the plot.

OPPOSE JEWISH STATE

Representative Kahn Forwards A Protest to President

Washington, Feb. 8.—President Wilson was asked in a cablegram sent to him in Paris yesterday by Representative Kahn, of California to oppose organization of a Jewish state. The message said.

"One hundred and fifty representatives of Jewish citizens uniting in statement to be forwarded through State Department protesting against organization of Jewish state. Documents sets forth reasons in detail, signatures attached represent citizens all walks of life residing all part of our country. Your consideration of this statement is earnestly solicited before any action is taken."

ADAMS IS CANDIDATE

Former Member of House of Delegates Enters August Primary Contest.

Richmond, Feb. 8.—Berkley D. Adams, member of the House of Delegates from Charlotte County, announced last night that he would be a candidate in the August primary for the Democratic nomination to the State Corporation Commission, to fill the unexpired term of Christopher B. Garnett, who resigned to accept a position with the Federal government.

The seat to which Mr. Adams aspires is now filled by S. D. Lupton, appointed by Governor Westmoreland Davis to the vacancy brought about by Mr. Garnett's resignation. The man nominated in August will take his seat twenty days after the regular election and will serve until February 1922. Mr. Lupton has never indicated whether he will be a candidate before the people.

The primary next August will give the electorate of Virginia the first opportunity, under a law enacted by the legislative session of 1918 to vote directly for members of the State Corporation Commission.

LET WELL ENOUGH ALONE

The prohibition wave which has been gathering force during the past half a century has reached its crest, and next year the United States will become dry, according to law. No more liquor can be manufactured or sold legally within our broad domains. While a minority is disgruntled over approaching conditions, the majority of the people of the country have voted for prohibition, and, as we are democratic in our principles, the majority should rule.

Men wearing buttons with the words, "No beer, no work," are making themselves prominent in New York and other large cities, but they are not expected to have many followers. In other places strikes are threatened in case the authorities attempt to enforce the constitutional amendment which declares the country dry after this year.

During the past three years Virginia has lived under dry conditions, and the great majority have no desire to have the ban on liquor lifted. In our own city at this time the open saloon would evidently be a misfortune. Those who will have stimulants obtain them notwithstanding the vigilance of the prohibition agents and police, and while the traffic in liquor is curbed, there are no drunken revels or fights in wide-open saloons to cast an odium on our city.

The attempts of certain prohibitionists, however, to place a ban upon the growth, sale or use of tobacco in any form in the United States is another proposition, and protests are coming from every direction. Many persons who voted for prohibition will not vote for the elimination of the Indian plant.

Tbacco is a solace for a large percentage, if not a majority, of the human race. Its use does not make fiends out of men, nor does it like liquor, deprive any one of his reason. Thomas Carlyle was a smoker, and some of his best compositions were conceived while he was enjoying his pipe.

It may not be generally known, but it is a fact nevertheless, that some religionists put a ban upon the use of coffee, tea or cocoa. When coffee houses were first introduced in London many well meaning people regarded such abodes with as much horror as do many the saloon of today. Years elapsed before people in the British capital became reconciled to coffee, and some still inherit their prejudices.

Tobacco has had its enemies since the days of Sir Walter Raleigh, and many good people still believe it is a plant to be as conscientiously avoided as should the tree of knowledge of good and evil in the Garden of Eden.

THE AGE IN WHICH WE LIVE

The present generation, born while telegraphy, telphony, wireless telephony, wireless telegraphy, talking machines, electricity, etc., are in vogue, do not realize the stride made in this world since the days of their grandfathers. During the the first part of the last century people were subjected to as much trouble and inconvenience in traveling or conducting business as were the ancients.

Repairing Painting

In the list of inventions given above the talking machine is mentioned. We know of nothing more interesting or marvelous than this device which has become as common in our homes as household utensils. Most of us enjoy the use of a telephone and equally as many more the modern talking machine, by the aid of which we can hear the best vocalists and brass band as perfectly as if present during their performances.

The time has come when private houses can enjoy church services during unpropitious weather without being compelled to face the elements. This is a desideratum, especially to folks living in the rural sections. These modern marvels can discourse hymns as well as the rag time tunes, and in looking over a catalogue of church songs on records recently we found it contained as many spiritual songs and hymns as are usually found in church collections.

The old time hymns, many of which are immortal, are on records or discs, as sung by the best vocalists, and it may not be long before "canned sermons" will be delivered by these devices.

We have at times in our musings while listening to some inspiring hymn of our grandfathers' days regretted that this wonderful instrument had not been known thousands of years ago. Had it then been in vogue it might have been possible to have caught the strains of the heavenly choristers who proclaimed "Peace on earth good will to men" on the plains of Judea over nineteen hundred years ago. Had this been possible we today would be able to sit in our homes and literally "hear the angels sing."

ANOTHER SCRAP OF PAPER

"If national labor leaders have any influence with the men who have gone on strike at Seattle and Tacoma, they should insist on their returning to work at once, because this strike is calculated to do labor serious harm not only in the loss of wages but in the loss of public respect.

This is suggested by the Baltimore Sun, which also says" the strike of the shipyard workers who walked out January 21 to enforce demands for higher wages is a distinct repudiation of an agreement which these workers had pledged themselves to observe until March 31. These strikers have done with respect to this agreement what the Germans did with regard to the Belgian treaty—they have dismissed it as a mere scrap of paper. In other words, they have violated their word and their pledge, and there should be no dealings with them while they maintain this attitude.

"The sympathetic strike has been called in Seattle and Tacoma will not arouse the sympathy of the country. It is a lamentable indorsement of a breach of business honor, and an attempt to make successful a policy of wrongdoing. Such a course, if generally adopted, must inevitably destroy mutual trust and cooperation and breed industrial disorganization and paralysis.

"We cannot believe that organized labor outside of the small section affected is in sympathy with the repudiation of solemn covenants and obligations, and we trust that it will make the misguided men in the Seattle and Tacoma district understand that it is absolutely opposed to this method of forcing concessions.

"Secretary Baker has acted firmly and promptly in taking measures to aid the State authorities in preserving order. It is well that it should be understood at the outset in all such cases that order is America's first law, as well as Heaven's. No class and no interests, whether capitalistic or laboristic, can be allowed to create a reign of oppression, on the one hand, or of terror, on the other."

CASUALTIES AMONG U. S. SOLDIERS

One Hundred and Eighty Were Killed, Died of Wounds or Sickness in Russia.

Washington, Feb. 8.—Total casualties in the American forces in the Archangel region of Russia up to and including January 31, were 180 killed, died of wounds, sickness or from other causes, or missing in action, and 229 wounded or injured, making a total casualty list of 409 out of a force that numbered 4,925.

This information was contained in a cablegram from Archangel dated February 4, and made public today. The casualties were listed as follows:

Killed in action, three officers and fifty-eight men; died of disease, two officers and sixty-four men; died of wounds, one officer and twelve men; accidentally killed, three men; drowned, one officer and two men; missing in action, thirty-four men. Wounded in action, all ranks, 198; accidentally wounded, twenty-five; wounded, other causes, six.

Of these casualties, sixty-three occurred between January 19 and January 31, the period during which the Bolshevist forces were attacking the allied lines in such force as to compel a considerable retirement. The losses during this time on the Vaga front were: killed in action, eleven men; died of wounds, one officer and three men; missing in action, two officers and twenty-eight men; total, sixty-three.

On January 31 the American force in the Archangel sector was composed of 161 officers and 4,764 other ranks.

EBERT'S WARNING

Germany May Refuse to Participate In Settlement.

Weimar, Feb. 8.—Germany may refuse to participate in the peace settlement or join the league of nations if the allies make the conditions too hard, Chancellor Ebert warned in addressing the national assembly yesterday.

"The armistice conditions are amazingly hard and have been executed without scruple," he said "I warn our adversaries not to push us to the extreme or like Gen. Winterfeld we will refuse to collaborate in future peace parleys and throw upon our adversaries the entire responsibility for the new world organization."

(Winterfeld resigned as head of the German armistice commission because he felt the conditions too severe).

Ebert declared that he had not lost hope of reuniting Germany and that he welcomed Austria into the state. He appealed to all men and women to work their hardest "lest we will again sink into the abyss.

"Prussianism and Hohenzollernism are gone forever. It is the duty of the assembly to make the nation a strong socialistic republic."

The roll call showed 287 delegates present.

Copenhagen, Feb. 8.—Dr Bernhard Dernburg, former German colonial minister yesterday declared that Germany would not sign a peace that deprived Germany of her colonies.

All purchases CASH.
HOWARD FIELDS, Sheriff

THE INCORPORATION BEE

The old question of incorporating various towns in Alexandria county has again been revived. This time the incorporation bee is said to have hit Clarendon and steps have been or will shortly be taken to incorporate that town.

From the view of the people of Clarendon no one can hardly blame them, but looking at the matter from another view point it would seem a pity to have every prosperous town in the county incorporate separately.

In writing this article we have before us the memory of two towns in a nearby county that were incorporated long before we can remember. What is the result today? Both of these towns are at a standstill. Dead. If anything they are going backward instead of progressing in the building line. We make the statement in all sincerity that we believe there has not been a dozen new houses erected in either town during th past five years.

People have built homes just beyond the corporate limits.

The most feasible plan would be to incorporate the whole county instead of piece mealing certain portions of it. The smaller towns would share with the larger towns in any benefit derived from incorporation.

The matter should be carefully weighed before any decisive steps are taken to put an extra tax burden upon the shoulders of people struggling to pay for homes.—Alexandria County Monitor.

ROUT RADICALS

Germans Use All Arms of Modern Warfare in Battle at Bremen

Berlin, Feb 8.—The government's victory at Bremen was achieved only after bitter fighting with all arms of modern warfare—cannons, mine throwers, tanks, and armored cars were used against the Spartacans.

Gradually the Spartacans fighting valorously, were driven from the street, armored cars filled with government troops lunging into their midst.

The city hall, the stock exchange and the Bremen Cathedral were badly damaged by shells and shrapnel.

The reds made their last stand in Groepelingen, a western suburb. They defended the bridges to the last. Those unable to retreat across the river threw down their arms and sought shelter in private dwellings to escape capture.

The church bells began sounding the government's victory in the evening, but fighting continued all night. The casualties have been heavy on both sides. Many buildings were destroyed or damaged.

The majority socialists formed a provisional government and issued a proclamation promising elections immediately. They declared a state of siege until all citizens are disarmed.

ROOM FOR RENT

TRUCE IN RUSSIA

Paris, Feb. 8.—"We accept."

"We Will Pay the Debts," Gist of Message to Allies.

Stripped of its long winded verbiage, parts of which have been obliterated by cross currents in the air through which it was sent from Moscow to Paris, that is the answer of the Bolshevist government to the allied and associated government's invitation for a truce in Russia and a conference on Prince's Island, in the Sea of Marmora.

The burden of the answer, signed by M. Tchitcherin, former Bolshevist Ambassador to Great Britain, and now Lenine's foreign minister, was caught up out of the air here late yesterday evening and made public today, though the full text is not yet available.

"We will pay Russia's debts," is the gist of part of the message, which appears in the light of a preconditional promise, designed, it is believed, to forestall objection on the part of creditor nations, such as France, to deal with a government pretending to represent a large part of the Russian people, on the ground that the Bolsheviki have previously gone on record as tearing up Russia's "I. O. U.'s."

As matters stand, the Bolsheviki are the only Russian faction responding in the affirmative. All others have either flatly rejected the invitation or not answered at all.

WIRELESS TELEPHONY

Talks Across Atlantic and With Flying Men Soon Are Predicted

"By the time the peace treaty is signed we shall be talking across the Atlantic by wireless," says Godfrey Isaacs, managing director of the Marconi Wireless Telegraph Company, in an interview. "One day in the not far distant future," he adds. "I think we shall walk about with wireless telephones attached to our bodies and we shall be able standing, say, in Piccadilly Circus, to call up a friend who is flying somewhere. Or we may have an invitation by wireless telephony from a friend flying in France to join him at dinner in the evening.

"Wireless telephony has been very largely used in war for communication between airplanes and headquarters and for artillery work. But there is no reason why it should not be available over very much longer distances.

"It will not be very long before one will be able to sit at one's desk in London and speak to New York practically instantaneously. Equal facilities will be available for communicating with Paris, Rome, Moscow or Amsterdam. In my view, it will be as easy to speak to Sydney or Melbourne or to New Zealand.

"Long distance wireless telephony will apply to ships at sea and to airplanes and airships."

A SPLENDID TONIC

Says Hixon Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn., —"About 10 years ago I was," says Mrs. J. B. Gadd, of this place, "I sufferd with a pain in my left side, could not sleep at night with this pain, always in the left side

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still

I at first let it go, but began to get weak and in a run-down condition, so I decided to try som more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. I have no return of this trouble.

I feel it was Cardui that cured me, and I recommended it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

OFFICIAL

FOOD ORDINANCE

An ordinance requiring all persons, firms or corporations engaged in the business of wholesale or retail exchange of food stuffs or drinks for human consumption, to obtain a permit for the conduct of such business, within the city of Alexandria; regulating the construction and equipment of the buildings used for storage or sale thereof, and providing for the conduct of such business, and regulating the employees thereof, providing for the scoring of all food establishments, and providing a penalty for the violation of any of the provisions thereof.

Be it ordained by the City Council of Alexandria that:

No person, firm, or corporation shall engage in the business of the wholesale or retail exchange or sale of food stuffs or drinks for human consumption without permit to do same, said permit being issued by City Health Department on approval of sanitary conditions and methods of handling. Application for permits shall be accompanied by fee of one dollar ($1.00) payable to ity Treasurer. Permits shall be renewed at 1st of each year, and shall be revoked on violation of any clause of this ordinance.

Buildings—All buildings used for the storage or sale of food stuffs or drinks shall be of suitable construction, properly dighted, plumbed and ventilated, and shall be kept in a clean, dry, sanitary condition.

Premises about buildings must be kept clean and sanitary.

Equipment.—1. All food dispensing establishments shall be provided with an adequate supply of boiling water for cleaning purposes during hours of trade.

2. The use of a common towel or drinking cup for employees shall be prohibited. Employers shall provide sanitary paper towels, or individual towels daily, and sanitary paper cups for drinking purposes.

3. Adequate toilet facilities shall be provided for employees. Such toilets shall be kept in a clean and sanitary condition. The use of tobacco in any form is prohibited in rooms where food stuffs are handled

4. Food stuffs shall be properly protected from dust and flies at all times. Buildings and receptacles for storing eating utensils shall be screened against flies when such flies are in evidence.

5. All eating and drinking utensils, such as knives, forks, spoons, dishes, cups, glasses crockery ware, etc., shall be thoroughly washed and cleansed before use, and sterilized by immersing them in boiling water for at least 5 minutes.

6. All food establishments shall be supplied with an adequate number of metallic garbage cans with metallic lids, and cans thus specified must be kept covered at all times, except when emptied or when opened to receive garbage.

Employees—Employees of food establishments shall be cleanly in person and habit, and shall submit themselves to any examination, innoculation or vaccination that the Health Authorities shall deem necessary to the health of the community.

Food—1. The sale of milk at food establishments shall be governed by the ordinance covering that subject, permit for handling same being taken out from Health Department.

2. Food offered for sale for human consumption shall be of sound, clean character, which shall be non-injurious to the consumer.

3. Food stuffs shall be protected from dust, flies and animals at all times.

4. No food stuffs shall be displayed within two feet of the surface of any sidewalk, street or alley, or any public place, or on the floor of any building unless the same shall be contained in receptacles so as to protect them from dogs and other animals and their excretions.

Score card and Scoring of Food Establishments.—All food establishments shall be scored according to the U. S. standard score card upon a card to be furnished by the City Health Department. Such score cards shall be posted in such place as shall be designated by food inspector, and it shall be unlawful for anyone other than the food inspector, or such person as the City Health Officer shall designate, to remove same. No permits to sell food stuffs in Alexandria shall be issued to establishments scoring under 60 points.

It shall be the duty of the food inspector to visit food establishments at least once a month, scoring same, said scores to be delivered to city papers for publication.

Penalty—Any person, firm, or corporation violating any provision or requirement of this ordinance shall, upon conviction, pay a fine of not less than five dollars ($5.00) or not more than fifty dollars ($50.00). Each day that any violation is allowed to continue shall constitute and be a separate and distinct offence.

All ordinances, or parts of ordinances in conflict herewith are hereby repealed.

Passed the Common Council January 28th, 1919.

HARRY R. BURKE, President.

Passed the Board of Aldermen January 28th, 1919.

F. F. MARBURY, President.

Approved February 1, 1919.

MILK ORDINANCE

An Ordinance defining the term milk, requiring a permit for the whole sale and retail dealers therein in the City of Alexandria, Va., prohibiting the sale within the City of milk not of the standard herein required, defining what shall be pasteurized milk and fixing the grades thereof, fixing the conditions under which milk may be produced and marketed within the said City and produced for marketing therein, regulating the sale and composition of cream, ice cream and buttermilk, and providing a penalty for the violation of any of the provisions hereof.

Be it ordained by the City Council of Alexandria that 1, by the term milk is meant the normal lacteal secretion of the cow with no addition to or subtraction from any of its constituent parts.

2. Wholesale and retail dealers in milk in the City of Alexandria, Va. shall file aplication for permit to indulge in such business, said permit being accompanied by fee of $1.00, which is payable to the City Treasurer Such permits granted shall be revocable on violation of any clause of this ordinance.

3. Raw milk. No milk shall be sold in Alexandria as whole milk which shall have a butter fat content of less than 3.25 per cent, and a content of solids other than fat of less than 8.5 per cent. Milk having constituent parts of less than these standards shall be plainly labelled "Substandard Milk" on container, and places retailing such milk shall have exhibited in conspicuous places signs printed in 2 inch letters to the following effect "Substandard Milk sold here." The bacterial count of raw milk shall not exceed 200,00 organisms per cubic centimeter when delivered to the consumer.

4. Pasteurized Milk. Pasteurized milk shall be all such milk as shall have been heated to 145 degrees Farhenheit for 30 minutes, and immediately cooled below 50 degrees Farhenheit. Of such milk there shall be two grades, namely grade "A" and grade "B".

Grade "A" pasteurized milk—Such milk shall answer the same requirements as to constituent parts as raw milk, and shall have a bacterial count of not over 500,000 organisms per cubic centimeter before pasteurization and not over 25,000 organisms per cubic centimeter when delivered to the consumer.

Grade "B" pasteurized milk—Such milk shall answer the same requirements as to constituents parts as raw milk, and shall have a bacterial count of not over 1,000,000 organisms per cubic centimeter before pastuerization, and not over 50,000 organisms per cubic centimeter when delivered to the consumer.

All pasteurized milk shall be capped with caps showing the name of dealer and the day of pasteurization.

5 conditions of production—(a) milk houses and other buildings used for the handling or storage of milk shall be of suitable construction and adequately screened and protected from dust and flies the year round.

(b)—Barns used for housing stock shall be of suitable construction, have sufficient light and air space, and shall be kept in such a cleanly condition as shall meet the demands of the Health Department. The premises about the barns and milkhouses shall be kept free from manure or other conditions which might influence the sanitary quality of the milk or the health of the animals.

(c)—All bottles, cans, or other utensils used as containers shall be of suitable construction, and be properly sterilized in boiling water or equally effective sterilizing agent after usage Said containers shall be adequately protected from dust and flies at all times.

(d)—All persons engaged in producing or handling milk shall submit themselves to any physical examination or inoculation which the local health authorities may deem necessary for the health of the community or consumers.

(e) No milk shall be sold in Alexandria except from animals free from tuberculosis as determined by the tuberculin test. Such animals shall receive said test every 12 months from licensed graduate veterinarian.

(f)—Methods of milking and handling products shall be acceptable to the City Health Officer. All milk shall be cooled immediately after milking to not less than 50 degrees Farhenheit.

Marketing—There shall be no dipping ped milk sold in Alexandria. Restaurants shall be provided with an acceptable milk vat, or shall dispose of product without removal from original container. Milk sold from establishments other than restaurants shall be sold in original container, said milk being bottled at place of production.

6 Cream, Ice Cream, Buttermilk.—The State laws regulating the sale and composition of the products mentioned under clause 6 shall govern the sale of these products in Alexandria.

Penalty—Any person, firm, or corporation violating any provision or requirement of this ordinance shall, upon conviction, pay a fine of not less than five dollars ($5.00) or not more than fifty dollars ($50.00). Each day that any violation is allowed to continue shall constitute and be a separate and distinct offense.

This ordinance shall be in force from the date of its passage and all ordinances or parts of ordinances in conflict herewith are hereby repealed.

Passed the Common Council, January 28, 1919.

VIRGINIA NEWS

Colored water advanced in price in Richmond to nearly eight dollars per quart. At least a negro has been arrested for desiring to sell "imitation whisky" for that price. Six months on the road for obtaining money under false pretenses was his sentence.

Gypsy Smith, Jr., evangelist, began a month's campaign in Winchester Wednesday night under the auspices of the Winchester Ministerial Association. The services are being held in Market Street Methodist Episcopal Church. Arrangements were made to hold overflow meetings in Centenary Reformed Church nearby.

A man believed to be Charles E. Savage, Jr., a lawyer of Norfolk, was found dead in a small hotel in New York yesterday. The police said they believed he committed suicide by shooting. There was a bullet wound in the temple and a revolver lay close by. The police found notes saying the writer had experienced financial difficulties. A dispatch from Charlottesville says the deceased was a law writer for the Michie Company, law book publishers, that city.

Earl Cubine, a well known engineer on the Appalachia division of the Southern Railway, died Thursday in Bristol as the result of wounds received in a pistol duel with Walter Hash on the streets of Appalachia. The trouble is said to have occurred from an alleged remark made by Cubine. Three bullets entered Cubine's body, two piercing his breast. He is survived by his wife and two small children.

Two negroes who were suspected of being engaged in transporting liquor held up Conductor Harris, of train No. 10, on the Chesapeake and Ohio Railway, with revolvers Thursday morning at Reusens and escaped. The conductor was suspicious of the two negroes, and when he attempted to keep them on his train until Lynchburg was reached, where he could turn them over to the police, the negroes covered him with revolvers and escaped.

City Sergeant J. C. Chichester and Chief of Police S. B. Perry, of Fredericksburg, while in Stafford county last Thursday, gave chase to an automobile which they suspected contained liquor. Making a sharp turn, the pursued car turned over and the driver, who gave the name of E. Baxter Tucker, was caught under the machine, and slightly injured. A cargo of 231 quarts of whisky was unloaded, and, with the car, confiscated. Tucker was fined $400, and given 30 days in jail.

The annual meeting of the council of the Protestant Episcopal Church in the diocese of Virginia will be held in Christ Church, Winchester, May 21, 22 and 23. It will be attended by about 150 clerical and lay delegates. The Rt. Rev. Robert A. Gibson, of Richmond, bishop of the diocese, is expected to preside, but in case of his absence Bishop Coadjutor William Cabell Brown, of Richmond, will preside. The council is one of the oldest in the United States and exercises jurisdiction over that part of Virginia north of the James River.

Three Danville policemen, who one day this week shot to death Phil Morton, a negro, who had been suffering from dementia for two weeks, were cleared of the murder charges in the Police Court yesterday. The same testimony as that given at the inquest, at which the coroner's jury decided that they shot in self defense was heard. W. P. Allen, a negro attorney retained by friends of the deceased, said after the Mayor's verdict had been pronounced that "they were not pleased," and stated that a conference would be held, with a view to taking "further steps." All of the witnesses admitted that the three officers were penned in a corner by the negro, who was attacking them with a saber three and a half feet long, when they drew pistols and began firing at once. Six shots were fired, and four took effect, one penetrating the brain.

NEWS OF THE DAY.

The independent soldiers, councils of Eisenach and Gotha have issued ultimatum to the German government demanding immediate with drawal of all troops from Weimar with the alternative of a general strike.

Clyde Markham, his wife and the latter's father were instantly killed, five miles west of Jackson, Mich., yesterday afternoon when their automobile was struck by a Michigan Central passenger train.

Icons, sacred images of the Russian Church, are subjects of tax under the soviet government. Divorce regulations have been modified and incompatibility of temper, never before a cause in Russia, is now accepted.

Leaping from a window of the thirteenth floor of the Woolworth Building in New York yesterday, Richard Dewhite Hudson, 44, a salesman, was killed. Despondency, according to the police, caused him to jump.

About 6:30 last night the body of Private Paul McAllister, 25 years old, of Company C. Twenty-second Infantry, stationed at Potomac Park Barracks, was found floating on the west side of the Washington Channel, just below the Engineer's wharf, foot of Fourteenth street southwest.

Former Secretary McAdoo's salary his reason for quitting the cabinet —is believed to have acquired six figures. Reports were that he is to get between $100,000 and $250,000 a year as counsel for the United Artists Corporation. "It's a secret," said Douglas Fairbanks, chief stockholder. McAdoo said the same.

Germany, it is said, has undertaken to pay in gold for food supplies, and orders have been sent to England to load cargoes of food into ships ready for immediate transport to Germany via Holland. The first food to be sent is condensed milk. Fats will follow. It may be possible to send under this heading surplus supplies of American bacon in the hands of British wholesalers and in the United States.

No Beer, No Work" buttons appeared by the thousands yesterday in the buttonholes of men all over New York City. The badge wearing was started by members of the International Brotherhood of Boilermakers, Iron Shipbuilders and Helpers. The movement began in Newark a few days ago and quickly spread to Jersey City, Bayonne and Elizabeth.

The lord mayor of Dublin has sent the following telgram to Edward Shortt, chief secretary for Ireland: "The situation in Ireland is desperate. Is it possible that nothing can be done to avert deplorable results? All Nationalists have resented this continued imprisonemnt." His reference to "imprisonment" is accepted as referring to the Sinn Feiners held in English jails.

HOLDS UP HUSBAND

Wife Takes Full Hand in Poker Game and Gets all the Money

Swink, Col., Feb. 8.—Mrs. Olive Smith, armed with a revolver, held up her husband and six other men with whom he had been playing poker, lined them up against the wall and took their money. Smith had lost $600 in the game. Authorities refused to issue a warrant for the arrest of the woman, or attempt to obtain return of the money.

A Word with Women.

Valuable Advice for Alexandria Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless or relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow. Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed at home—Read this Alexandria woman's convincing statement.

Mrs. Milton Moor, 123 Duke Street, says: "Doan's Kidney Pills are a household medicine for kidney trouble in our family. I have taken them on several occasions for backache and other kidney disorders with every beneficial results. I am quite sure Doan's will help anybody who gives them a good trial. I know they are a medicine of merit."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Moor had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.
